FOR SELLERS

There are a few things you should know about having your home for sale during this crisis.

At Macdonald Realty, we are equipped with all the latest technology to showcase your property for the safe viewing convenience of Buyers online, and are ready to prepare both you and the prospective Buyers for an in-house viewing when appropriate, with safety precautions in place.

WHAT WE CAN DO TO HELP YOU SELL AND KEEP YOU SAFE:

- Prepare a virtual tour of your home for prospective Buyers to view as a first viewing opportunity.
- Conduct live and/or virtual open houses and tours which can be marketed online to prospective Buyers world wide.
- Prepare a cohesive marketing plan for your property that maximizes online exposure.
- Have prospective Buyers complete a COVID-19 Property Access Wavier.
- Provide (when available) masks and gloves for safe view practices.
- Require prospective Buyers to review our COVID-19 Showing Requirements.
- Provide continual updates to you regarding the current real estate market.
- Present offers to you virtually, especially if you or they are self-isolating.
- Provide electronic signing options.

FOR SELLERS

Here are a few things you can do to your home

Make sure your home shows the best it possibly can for every showing.

Leave all interior doors open and lights on to limit the necessity for Buyers to touch things in your home.

Source (if possible) masks and hand sanitizer for Buyers to use during their showing.

Disinfect all high-touch areas (such as door knobs, light switches, locks, cupboards, handles of any kind).

Provide a list to your agent of your favourite features of your home to share during the private showing.

FOR BUYERS

Just like working with Sellers during COVID-19, the safety of our Buyers is also a top priority.

We have implemented industry leading guidelines for you to follow to help protect you and your family.

HERE ARE A FEW THINGS YOU SHOULD KNOW BEFORE YOU START THE PROCESS:

1. Sellers are only allowing serious Buyers through their properties. You should be pre-approved through a qualified mortgage broker before you start the buying process.
2. Many properties have virtual tours for you to view prior to viewing the property in person. The fewer showings needed, the less exposure you will have.
3. Review all extra documents, floor plans, strata documents (if applicable) on the properties you are interested in before asking for a showing.
4. Sellers are allowed to decline showings if they feel uncomfortable.

WHAT WE CAN DO TO HELP YOU BUY AND KEEP YOU SAFE:

- Provide you with a virtual tour first, so you can qualify if the home suits your needs before viewing it in person.
- Provide qualifying questions for us to ask the Seller's representative to make sure the home fits your needs before viewing it.
- Provide you with information about the community and local amenities.
- Provide continual updates to you regarding the current real estate market, and how these changes may affect the price of the home you are interested in.
- Prepare offers for you virtually, especially if you or the sellers are self-isolating.
- Provide electronic signing options.
